

REMARKS

Attached are a Substitute Specification, a redlined version of the original Specification, and a copy of the papers originally filed on October 26, 2001 via express mail for which we have not yet received a filing receipt, post card, or serial number. A claim for priority from U.S. Provisional Patent Application No. 60/243,886 was added. The modifications to the Specification are limited to adding paragraph numbering and line numbering, removing the inadvertent shading of three words on page 9, and the removal of irrelevant section headings on page 1. Per MPEP 608.01(q), the paragraph numbering has not been noted on the redlined version. No new matter has been added.

If the Examiner has questions regarding this Application, please do not hesitate to contact the Applicants' undersigned representative.

Respectfully submitted,

Ilan Yona, et al.
